

# ALL STATE ORCHESTRA AUDITION SCRIPT

Say "District No. \_\_\_\_\_, Instrument \_\_\_\_\_ Number \_\_\_\_\_"

After reading the above script, the student then performs ALL audition requirements while you listen without stopping the recording. I stress, ALL playing requirements are to be performed in one sitting. There should be no out-takes, stopping the recording, splicing or editing in any way. Each audition is on one CD track. NO STOPPING, PAUSING OR EDITING IS ALLOWED.

**Please put all violins together on the same CD or CD's and likewise for violas, cellos and basses. Each section should have its own CD or CD's**

**Each CD should be marked with the District # and Instrument ONLY! If you have more than one CD per section then mark District #, Instrument and CD #.**

**Do not forget to include the audition list with your CD's. The auditions list is in word doc but if you would like to use your own list that is O.K.**

If you have any question please contact me.
